EPD INFORMATION

Please note that EPDs may change from the time the catalog is printed until the registration papers are transferred.

ANNOUNCEMENTS

Announcements at the sale by the owners, auctioneers, or sale management will take precedence over statements in the catalog.

TERMS & CONDITIONS

All cattle sell under the standard terms and conditions set out by the North American Limousin Foundation.

TRUCKING

Reliable truckers will be available or contacted to assist in making arrangements for shipping.

INSURANCE

Insurance will be available through Grassroots Insurance, 515/229-5227, sale day.

CATTLE SELL IN CATALOG ORDER

SETTLEMENT

Terms are cash or check. Purchasers must make settlement with Sale Management prior to taking possession of purchased animals. Any arrangements to the contrary between buyers and sellers are at the seller's risk and are without liability to the sale management.

WARNING

Under Missouri law, an equine activity sponsor, an equine professional, a livestock activity sponsor, a livestock owner, a livestock facility, a livestock auction market, or any employee thereof is not liable for an injury to or the death of a participant in equine or livestock activities resulting from the inherent risks of equine or livestock activities pursuant to the Revised Statutes of Missouri.

Dear Fellow Breeders,

It is with both pride and enthusiasm that we invite you to the 13th edition of the Great American Pie Sale. Over the years, this event has become known as a solid source of Fullblood, Purebred and Lim-Flex genetics.

The membership of both of our organizations have dug deep into their respective herds to bring you the kind of cattle they would rather keep. Whether you are searching for females, bulls or genetic opportunities, we believe this year's offering truly offers something for everyone.

We ask you to come early and participate in the variety of events surrounding this sale. Regardless of which state you reside, you are most welcome be a part of our dynamic organizations.

We hope to see you April 15. If you should have any questions or comments regarding the sale offering itself or any of the events surrounding it, feel free to contact us directly.

Sincerely,

Shaun Edwards	Josh Glendenning

13TH ANNUAL
GREAT
American
PIE SALE 

Limousin Enthusiasts,

Welcome to the 13th Annual Great American Pie Sale, April 15 at the Laclede County Fairgrounds in Lebanon, Missouri.

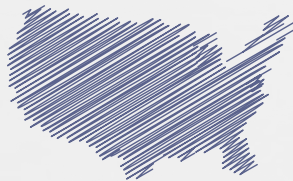

It is my pleasure to be associated with this fine group of Limousin seedstock producers in Missouri and surrounding states. The Southwest region of Missouri has long been a hotbed for outstanding Limousin genetics, and we feel this offering is representative of the dedication breeders in this area have made to the breed of cattle.

We have worked hard to assemble an outstanding assortment of Fullblood, Purebred and Lim-Flex genetics for the most discerning cattleman. As you study this catalog, you will find some of the most unique and diverse genetics available within the breed.

A special feature of this year's event is the Herd Reduction Sale of the storied Rockin' R Ranch herd in Rolla, Missouri. The Ken Ragsdell family has worked diligently over the years to assemble and propagate only the very best Fullblood and Purebred Limousin genetics. The fruits of their labor are available April 15 for your appraisal.

If I can be of any assistance, please don't hesitate to contact me.

Sincerely,
Kiley McKinna

FALL BRED FEMALES

LOTS 1-18

What a way to kick off The 13th Annual Great American Pie Sale. Breeders from Missouri and surrounding states have assembled an extremely well-bred, functional group of fall bred females for your appraisal. Not only do their pedigrees contain many of the most popular sire and dams in the industry, the services sires these females are bred to are among the best in the business. The females contained here can take your program to the next level.

OFFERED BY: **PINEGAR LIMOUSIN**

Sells safe to AUTO Lode Up 137B (HB/HP), due approx. 8/25/18

Have Mercy, talk about a true sale feature and bell ringer! Here's a rare buying opportunity to purchase an elite double homozygous daughter of the widely popular, huge numbered, syndicated MAGS All-Star A.I sire that commanded both a valuation north of \$25,000 and the attention of breeders from across the United States. The descending matron represented in this lot is a maternal giant from the heart of the progressive Pinegar Limousin breeding program that traces back to the legendary Peppermint donor female. Individually, here's one that's is flawless at the ground—she's big footed, relaxed in her pasterns, long striding and one that hits you hard when she's set in motion. Aside from that, admire Mercy for her front end design, depth of body, square hip and natural muscle shape. Numerically, she is among the breed's very best, ranking in the top 25% or higher for 8 industry relevant traits—CE, BW, YW, MK, TM, CM, SC and MB. Worth notation, she's safe in calf to the impressive AUTO Lode Up sire that's backed by the purebred donor, AUTO Exceptional 282S who is known for both her maternal efficiency and carcass prowess. Bid with confidence.

Selling choice and privilege of this exceptional trio of half sisters by the breed's hottest Lim-Flex A.I sire, MAGS Aviator. If you like attractive patterned, big footed, bold ribbed, thick made cattle then these popular pedigreed females should suit you to a 'T'. Note, these Aviator daughters all share the good fortune of carrying a distinct calving-ease advantage, boast obvious maternal advantages and percentage flexibility. This lot has been presented to you by the 2018 North American Limousin Foundation Seedstock Producer of the year, Linhart Limousin, for your much appreciated appraisal April 15.

OFFERED BY: EDWARDS LIMOUSIN

AI'd to SL Rock Star; PE'd 12/15/17 to SEEE About Time.

Take a look at this intriguing female sale day! Here's another well made, stout featured, Antelope daughter that comes from the heart of the Edwards Limousin program. Numerically, she very well balanced across the page and is highlighted by her carcass figures boasting a .33 ribeye with top 10% marbling. Bred to Rockstar, her calf projects to be extra good.

OFFERED BY: GARRISON LIMOUSIN

A half sister to Lot 49, Honey Touch has stoutness and length of body. This is the type and kind of female that laid the foundation the breed was built on.

The background of the entire page is a close-up, slightly blurred image of the American flag, showing the stars and stripes. The top portion of the image is dominated by the blue field with white stars, while the bottom right shows the red and white stripes.

ROCKIN' R RANCH HERD REDUCTION SALE

FEMALE LOTS 51-71 BULL LOTS 96-100

Ken Ragsdell and family have spent decades refining their craft of propagating only the finest fullblood and purebred Limousin genetics on the North American Continent. Never in the history of their storied program have buyers had the opportunity to appraise such a large and impressive group of proven females from this breed pioneer. Starting with the immortal Amber Pearl herself and ending with Lot 71, her influence can be seen throughout this historic Herd Reduction Sale.

Dear Friends:

Jan and I began raising Limousin cattle soon after our return to Missouri in July of 1984. We chose Limousin (the butcher breed) because of their heavy muscling, excellent feed efficiency, moderate size and lean meat. Keith (our oldest son) was a senior at Hickman High in Columbia; Tom was a sophomore at Hickman; and Matthew (our youngest son) was in grade school.

Soon after our arrival in Columbia (Ken was the new Chair of Mechanical and Aerospace Engineering at the University of Missouri), we purchased a small farm northeast of Columbia. Matthew made friends quickly and asked if he could buy a steer to show with his friends at school. We found Bill Gentsch and purchased a Limousin steer (Big Mac) for Matt, which he showed at the county fair. That is how it all started!

We purchased a larger farm in Rolla, and rented another when Ken's job brought us to Rolla in 1989. We kept the farm in Columbia until Matt graduated from high school, and our herd grew to over 100 momma cows. We grew the herd by breeding fullblood bulls AI to commercial cows, and soon decided to focus on purebred and fullblood Limousin cattle. We have always believed that it is hard to beat a fullblood animal, and believe that even more today!

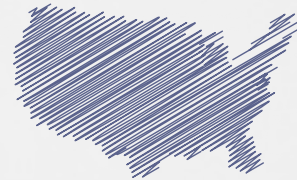

We invite you to examine the genetics in our herd reduction sale carefully. Many of the purebred animals in the offering are NALF 100%. We have used the old favorites; Harvest Olympus and Punch, and their sons. For years we had a closed herd and brought in new genetics by purchasing bulls and thru AI.

In the early years we used Orion and owned and used a son of Punch (Wind River Punch). For several years we partnered with one of the pioneers in the breed, Norman Vandervort. Together we purchased bulls to be used in both our herds. We have purchased bulls from many herds, but the bulls we have used from the Ed Pinegar and Stone Valley herds have worked the best. We have tried to improve our herd each and every breeding season.

Over the last few years we have began a vigorous embryo transplant program. We feel very fortunate to have purchased Amber Pearl from the Stone Valley herd a few years ago, and she has proven to be extremely fertile in our embryo transplant program. In fact, one of her daughters, several granddaughters, and grandsons can be found in this sale. Simply put, this sale is the result of needing space on the home farm for the embryo transplant calves this year. We will have transplant calves coming out of Exclusive, Excellant 201B, Harvest Olympus, Orion, Rejuvenator and others. We are pleased to offer the cream of our crop for your examination, and do hope you will find one or more lots you cannot live without.

Sincerely,

Ken & Jan Ragsdell

Full Interest and Full Possession Sells.

AI'd 12/7/17 to Posthaven Polled Yellowstone (HP, FB). Safe.

The legend herself, EAFF Amber Pearl, is 100% on offer for your valued appraisal. The storied donor female has made an everlasting impact on not only the Rockin' R program but, the Limousin breed. As evidence of her productivity, please notice the massive influence littered throughout this herd reduction offering. In terms of FULLBLOOD Limousin females her striking physical appearance that combines balance, muscle and structural integrity in perfect harmony knows no contemporary. Numerically, the unique combination of a high degree of milk and ribeye is rarely found—she ranks in the top 1% for both traits. The scores of calves in the registry she has produced speak to the productivity of this prolific female. As an added bonus, notice she sells safe in calf to Yellowstone and sells with 6 frozen embryos—opportunity abounds. This female without parallel has been the life blood of the Rockin' Program and it's not without reservation but, great excitement, sentiment and pride we offer you EAFF Amber Pearl 419M.

GENETIC OPPORTUNITIES

LOTS 72-77

This special section of The Great American Pie is small in numbers but mighty in terms of genetic horsepower. From flushes and embryos out of the breed's leading donors, to semen on top AI sires, to some hard to come by semen from the Fullblood bulls that built the breed, the opportunities here are immense.

Selling Choice & Privilege
Guaranteeing a minimum of 5 and a maximum of 12 embryos. Flush expenditures are at the buyer's cost.

This consignment epitomizes the crossroads of where phenotypic quality, huge numbers and genetic diversity meet. These four designer matings afford you the opportunity to invest in some of the breed's freshest A.I sires and highest quality genetics. The young donor female that highlighted the 2018 Stowers Limousin production sale is absolutely amazing in terms of her phenotype and pedigree predictability. We feel these four matings speak for themselves and represent the progressive direction of the Graven Land & Cattle and Glendenning J Bar J programs. Folks, this unique lot promises to be an asset to any genetic arsenal.

SELLING 20 UNITS FOR \$1,000

On offer is an exclusive opportunity to invest in genetics by a high percentage Limousin bull that combines phenotype, numerics and pedigree to the highest degree. Visually, he is high performance, extra sound footed, loose made and stout featured. Numerically, he ranks in the top 10% of the breed or better for weaning, yearling and total maternal. From a pedigree standpoint, his sire is a three-quarter brother to the wildly popular MAGS Aviator sire and out the legendary MAGS Uahuka donor that's a full sibling to PBRs Touch Me Gently and dam of the \$48,000 A.I sire MAGS Y-Axis. Please contact sale management or any member of the trusted sale team today for your semen package.

BULLS

LOTS 78-102

Contributors to this year's Great American Pie Sale are to be commended for the impressive set of herd bulls assembled for April 15. Beginning with the sale of one of the premier AI sires in the breed as Lot 78, this group of stout, performance minded bulls are industry relevant. Whether you are looking for a Fullblood, Purebred or Lim-Flex herd sire, the bulls found on the following pages have the genetic merit to not only sire pounds and performance, but leave behind a set of replacement females the neighbors will envy.

OFFERED BY: BUCK RIDGE CATTLE COMPANY & MAGNESS LAND & CATTLE
Selling 100% possession, no interest

Rare opportunity abounds—your chance to buy a proven A.I sire in the prime of his life! Hands down, here is one of the sale highlights and one of the best individuals the breed has ever seen. He comes to us in a double homozygous, heavy structured, massive made, deep sided, wide topped and muscular package. Note, he charted a usable 61 lbs. of birth weight, posted an impressive 862 lbs. of adjusted weaning and a staggering 1,499 lbs. of adjusted yearling. Take it one step further numerically, he ranks in the top 25% or better in 7 economically relevant traits—CE, WW, YW, TM, DC, CW and \$MI. Furthermore, with more than 650 progeny on file, his numbers are REAL and this is a sire with NO secrets. The bottom-line is, if you're looking for that proven combination bull that brings calving-ease, growth, structural integrity and a high quality phenotype to the table, make this your opportunity to run an A.I sire as your clean-up bull.

MAGS XYLOPOLIST | Sire of Lot 101

MAGS Y SO TANGLED | Maternal grandsire of Lot 102

LIMOUSIN TODAY PROFIT TOMORROW

"In these times when the margin on feeding cattle is so slim, the difference between YG 1-2 and YG 3 can be the difference in a profit or loss on a set of calves. We run a lot of Limousin influenced cattle through our barn and they consistently top the market and make our customers money."

*-Jackie Moore, Owner/Operator,
Joplin Regional Stockyards, Missouri*

Limousin and Lim-Flex® (Limousin x Angus hybrid) deliver to your bottom line.

- ‡ Calving ease & calf vigor
- ‡ Tested & proven docility
- ‡ More pounds to sell at weaning
- ‡ Cow & bull longevity
- ‡ Feed efficiency
- ‡ Carcass merit

To find out more about how you can profit tomorrow with Limousin or Lim-Flex® bulls and females, contact a NALF regional manager, Andy Rest or Nathan Smith, or visit www.NALF.org.
